1 - **Q: How long before I see positive results from my talisman?**

**A:** Most of our clients report experiencing positive & visible results within one to six weeks after receiving their talisman. The speed at which one sees talismanic results will in many cases depend on the circumstances surrounding the owner of a particular talisman i.e. it will take a little longer for the magical power of a money talisman to help someone suffering severe poverty than say someone who is earning a good salary, but still does not have enough money to fully enjoy all the good things in life. The money talisman's sole purpose is to help its owner to become financially stable and better off. The better off one is to start with the easier it will be for the money talisman to do its job. In the long run the results will be much the same, for everyone will in the end become better off financially simply through the ownership of the talisman. This magical principal applies to all Raphael's talismans. All our talisman help create opportunities for their owners they would not otherwise have received and will also help guide them to take the best course of action in any given situation. However it is up to the talismans owner to respond and take advantage of each opportunity offered.

2 - **Q: Can I swap or exchange a talisman that I have ordered and received?**

**A:** **No.** We never swap or exchange talismans under any circumstances, as any returned item could not possibly be resold to our valued clients. Would you wish to receive a returned talisman in exchange for the one you want to swap? All returned items are melted down to ensure that they can never be reused and the silver metal is then sold as scrap. We make a large financial loss by selling this melted silver for scrap.

3 - **Q: Can I wear or carry all my talismans at the same time?**

**A:** **Yes.** All our holy talismans compliment each other perfectly and as such they may all be worn or carried at the same time. You can even wear other talismans or holy items such as a Cross or Buddha etc... at the same time. There is also no need to wear your talisman 24/7. Just owning the talisman will bring you all its associated benefits, even if you leave it permanently in a private place in your home.

4 - **Q: Will cleaning my talisman affect its power?**

**A:** The magical power of each talisman is contained within its sacred script and symbolism and **not** in the metal itself, so cleaning or polishing **will not** affect its magical power in any way. All silver items will by nature start to tarnish in time through contact with the air and the wearers skin. The acidic content of both perfume and aftershave will also help tarnish your silver talismans. We recommend that you clean your talisman with a good quality metal polish or silver dip as required.

5 - **Q: Why do you not have a phone number so I can order over the phone?**

**A:** As a small esoteric talisman service we have neither the people nor the resources.

6: **Q: If another person should touch my talisman will this affect its power in any way?**

**A:** **No.** All our talismans are created in such a way that they will never lose any of their power. You can even let someone handle it and it will never lose any of its power.

7 - **Q: Can I have a bath or swim while wearing my talisman?**

**A:** **Yes.** Neither water nor anything else will affect the power of your talisman. The only way for your talisman to lose any of its power is for it to be melted down.

8 - **Q: Which talisman is best suited to my particular needs?**

**A:** Clients should be guided by their own intuition as to which talisman is best suited to their own individual needs. If you feel yourself continually drawn to a particular talisman you should follow the guidance of your own inner voice and order it. ***With our unique 60 day money back guarantee you really have nothing to lose and everything to gain.***

9 - **Q: Why do you use two spellings - Cabbala & Qabalah?  
Do they not both mean the same thing?**

**A:** Well, yes and no. The spelling Cabbala or Kabbala refers to a spiritual path and a philosophy for getting the most out of one's life. The word Qabalah on the other hand refers to a highly secret magical formula that uses the creative spiritual energy of the Cosmos for the benefit of humanity. ***This ancient and highly secret formula is the very essences of magic {MAGI} itself.***

10 - **Q: Will my talisman ever need to be re-empowered?**

**A:** **No.** All our talismans are despatched to our valued clients fully prepared & empowered ready for wearing. Once empowered our talismans work on the principle of universal sympathy and will continue to attract a flow of similar Angelic and Cosmic energy from the universe - like attracts like. In fact Circle of Raphael talismans are known to become far more effective and beneficial the longer one owns them.

11 - **Q: I do not have a great deal of money to spare so which talisman would you suggest to bring me some good fortune and generally improve my life on the whole eg.. improve my money situation, my job prospects, my love life etc ..?**

**A:** All our talismans are created to bring their owners a host of benefits and blessings as well as fulfilling their original purpose i.e. the ***money talisman*** will first and foremost attract money to its owner and at the same time may also help to create opportunities for its owner to improve their overall position in life.

The ***Chi-ro Qabalah*** amulet will first and foremost protect its owner from danger & misfortune and in doing so it may also attract good fortune. The same principle applies to all our talismans & amulets. If we were asked to recommend just one talisman that would bring its owner at least some of the blessings and benefits associated with all our other talismans, we would have to recommend ***our amazing secret talisman of the Seven Angels*** as it is the talisman favoured and worn by all our group and their loved ones. The seven Angel talisman is offered in either solid sterling silver or solid 9 carat gold. However as the Angelic power of this talisman is contained within the holy words and not in the metal itself, the metal they are crafted from makes no difference and both the silver and gold versions are equal in every way to each other. That said the gold version is a work of true art and would make a unique and thoughtful gift for that someone special in your life or why not treat yourself. As a bonus this special seven Angels talisman comes with a free solid gold chain worth £52 British pounds {approx \$82 dollars} and is a limited edition of only 84 crafted per calendar year.

**12 - Q: Why do you have another website [www.enlightenedpath.co.uk](http://www.enlightenedpath.co.uk)?**

**A:** **The Circle of Raphael** and **The Enlightened Path** are part of the same esoteric group. The talismans from both are created and empowered by the same Master Adept, and both types of talismans use the same angelic powers to protect and bless their owner.

**The Enlightened Path's** talismans are based on the ancient Hebrew magical system and spiritual philosophy known as the **Cabbala** or, as some call it, the Kabbala. The talismans from the **Circle of Raphael**, are based on the ancient **Qabalah** magical system which is a powerful *combination* of both ancient Hebrew Cabbala magic and early Christian Qabalah Western Magic.

Both types of talismans are highly effective & very powerful and both types offer their owners similar blessings and benefits. Neither type is more powerful or effective than the other. It is simply a matter of personal choice as to which type you prefer or feel drawn to. Clients should be guided by their own intuition as to which talismans are best suited to their own individual needs.

**13 - Q: How can I clean my gold plated talisman without damaging its gold coating?**

**A:** Our gold plated talismans contain a heavy coating of pure 22 carat gold and as such they will not tarnish like silver talismans. Should you ever need to clean them a little soap and water or a rub over with a soft cloth will do the job. **Very Important:** the acidic content of both perfume and aftershave will damage gold plate. Please try to avoid your gold plated talismans coming into prolonged contact with these products.

**14 - Q: Do I Need to Believe or Have Fate for a Raphael talisman to work?**

**A:** **NO.** Some so called experts do claim the power of talismans depends entirely on the faith their owners place in them. However, this theory is totally disproved by experience; our talismans work just as well when their owners are sceptical or even unaware of their magical purpose. They succeed not merely because of the confidence they inspire, but because they are created and empowered by our own highly experienced master Adept, attuned to the natural creative laws of the Cosmos and endowed with the holy words of creation. Even if a talisman is simply worn as an unusual item of jewellery, its owner is guaranteed to receive a host of positive benefits and blessings that they would not otherwise experience
